Part 8 Making payments to you

We normally pay your money direct into an account

Many banks and building societies will let you collect your money at the post office. We will tell you when your Social Fund payment will be made and how much it will be for.

Finding out how much we have paid into the account

You can check your payments on account statements. The statements may show your National Insurance (NI) number next to any payments we have made. If you think your payment is wrong, get in touch with the office that pays you straight away.

If we pay you too much money

We have the right to take back any money we pay that you are not entitled to. This may be because of the way the system works for payments into an account. For example, you may give us information which means you are entitled to less money. Sometimes we may not be able to change the amount we have already paid you. This means we will have paid you money that you are not entitled to.

We will contact you before we recover any money.

What to do now

- Tell us about the account you want to use on the next page. By giving us your account details you:
 - agree that we will pay you into an account, and
 - understand what we have told you above in the section **If we pay you too much money**.
- If you are going to open an account, please tell us your account details as soon as you get them.
- If you do not have an account, and do not intend to open one, please tick the box and we will contact you.

Fill in the rest of this form.

You do not have to wait until you have opened an account or contacted us.

About the account you want to use

Please tell us your account details below. It is very important you complete ALL boxes correctly including the building society roll or reference number if you have one. If you tell us the wrong account details your payment may be delayed or you may lose money.

You can find the account details on your chequebook or bank statements. If you are not sure about the details, ask the bank, building society or other account provider.

About the account you want to use

You can use

- an account in your name
